Gary,

FOIA has received an information request from "The Forward Group, a subsidiary of Forward Construction & Investment LLC" asking if a tar pit(s) or asphaltic type material(s) is at the Falcon Site?

Rafael has already said there is no tar pit(s) at the Site. He also suggested I forward this question to you if you need assistance with disposal of oily sludge/tank bottoms.

Please reply back to Dwayne Patrick. I'll be out of the office until next Monday.
